Sounds like we'll have to issue 104(e)s. Cindy Brown has template 104(e) information request letters that we can use to obtain the necessary evidence. I'm copying her on this.

I'll defer to George as this is his case, but instead of overburdening Explo at this time, I'd forego sending one to them now. Instead, I'd send one to the La Nat'l Guard, the La State Police and DOD. I thought George's list of evidentiary documents was more accurate than mine. I'd start with his list when crafting the questions.

I'd like to have a letter drafted to officially request the evidence we need from DOD and National Guard. I'm not getting anywhere unofficially.

Thanks
